Sources for Additional Class-Size Information

The national debate over reduced class size continues to be a hot topic. The following sources are by no means an exhaustive list of class-size publications. Some of the works included in this section do not specifically address the topic of class size, but have indirect implications related to the issue. If you know of additional sources, or you find errors in the references listed, <u>please</u> e-mail us at heros@telalink.net.

☆: Denotes first author was affiliated with Tennessee's Student/Teacher Achievement Ratio Project (STAR).

MEETING & SYMPOSIA PAPERS

- Achilles, C. M. (1998, February). Small-class research supports what we all know. So, why aren't we doing it? (Draft) Paper presented at the annual convention of the American Association of School Administrators, San Diego, CA.
- Achilles, C. M. (1998, April). <u>If not before, at least now</u>. Paper presented at the annual meeting of the American Educational Research Association, San Francisco, CA.
- Achilles, C. M., Bain, H. P., & Finn, J. D. (1990, February). Why won't class-size issues just go away?: Tennessee's student teacher achievement ratio (STAR) project. Paper Received the American Association of School Administrators (AASA) Outstanding Research Award. Paper presented at the annual AASA convention, San Francisco, CA.
- Achilles, C.M., Fulton, B.D., Zaharias, J.B. & Nye, B.A. (1993, April). <u>Tennessee lasting benefits research supports national school restructuring policies</u>. Paper presented at the meeting of the Southeastern Symposium on School Restructuring, Nashville, TN.
- Achilles, C. M., Harman, P., and Egelson, P., (1995, February). A local district's commitment to use research results. Paper presented at the annual convention of the American Association of School Administrators, New Orleans.
- Achilles, C.M., Kiser-Kling, K., Aust, A. & Owen, J. (1994, November). Success starts small.

 Paper presented at the meeting of the Mid-South Educational Research Association,

 Nashville, TN.
- Achilles, C.M., & Nye, B.A. (1998, February). <u>Attempting to understand the class size and pupil-teacher ratio (PTR) confusion: A pilot study.</u> Paper presented at the annual convention of the American Association of School Administrators, San Diego, CA.
- Achilles, C.M., Nye, B.A., Bain, H.P., Zaharias, J.B. & Fulton, B.D. (1993, November). Success starts small. Paper presented at the annual meeting of the Southern Association of Colleges & Schools, Atlanta, GA.
- Achilles, C.M., Nye, B.A., Boyd-Zaharias, J. Fulton, B.D. & Cain, V.A. (1994, November).

 Multiple benefits of class size research: A review of STAR's legacy. Paper presented at the meeting of the Mid-South Educational Research Association, Nashville, TN.
- Achilles, C.M., Nye, B.A. & Zaharias, J.B. (1993, August). <u>Small classes: Prevention or remediation?</u> Paper presented at the annual meeting of the National Council of Professors of Educational Administration, Palm Springs, CA.
- Achilles, C. M., Nye, B. A., Zaharias, J. B., Bain, H. P. & Fulton, B. D. (1995, June). Class size:

 Lessons from United States research. Paper presented at the meeting of the United Kingdom Class Size Conference, London Institute of Education, University of London, England.
- Achilles, C.M., Nye, B.A., Zaharias, J.B. & Fulton, B.D. (1992, November). Magic bullets come in different sizes: Restructuring is for class sizes too. Paper presented at the National Conference on School Restructuring, Atlanta, GA.

- Achilles, C.M., Nye, B.A., Zaharias, J.B. & Fulton, B.D. (1992, November). Small is far better:

 Preliminary results on three class-size initiatives--Tennessee's student teacher achievement ratio project, lasting benefits study, and project challenge as a policy application. Paper presented at the meeting of the Mid-South Educational Research Association, Knoxville, TN.
- Achilles, C.M., Nye, B.A., Zaharias, J.B. & Fulton, B.D. (1993, February). <u>Substantial and long-term cooperation in research leads to class-size reductions in Tennessee</u>. Paper presented at the meeting of the American Association of School Administrators (AASA), Orlando, FL.
- Achilles, C.M., Zaharias, J.B., Fulton, B.D., Nye, B.A., Harvey, B., Bingham, S. & Nye, K.E. (1994, March). Don't quit! Database reanalyses provide interesting results. Paper presented at the annual meeting of the North Carolina Association for Research in Education, Greensboro, NC.
- Acland, H. (1975, May). Comment on the class size question. A critique of chapters 5 and 6. In
 D. W. Ryan and T. B. Greenfield, The class size question (Toronto: Ministry of Education, Ontario, 1975). Presented at the Seminar on Class Size Research, Ontario Institute for Studies in Education, Toronto.
- ☼ Bain, H.P. (1990a, November). Tennessee's project STAR class-size study K-3 results. Paper presented at the National Education Association's National Urban Education Association Conference, Phoenix, AZ.
- Bain, H.P. (1990b, November). <u>Effective teaching practices from Tennessee's project STAR class-size study</u>. Paper presented at the National Education Association's National Urban Education Association Conference, Phoenix, AZ.
- Bain, H.P. (1991). <u>Tennessee's project STAR class-size study K-3 results</u>. Paper presented at the meeting of the Northeastern Regional Education Association Conference, Bennington, VT (January), the Missouri Association of Elementary Principals Conference, Tim-Pora, MO (March), and the Pennsylvania Education Association Conference, Hershey, PA (March).
- Bain, H. P., Achilles, C. M., & Witherspoon-Parks, M. (1988, November). Three-year longitudinal study of small class size: The Metro-Nashville Public Schools Study: 1984-1987. Paper presented at the annual conference of the Mid-South Educational Research Association, New Orleans.
- Bainer, D.L. (1988, February). <u>The influence of context variables on teacher problems</u>. Paper presented at the annual meeting of the American Association of Colleges for Teacher Education, New Orleans.
- Boyd-Zaharias, J. (1994, November). <u>The effect of random class assignment on elementary students' reading and mathematics achievement</u>. Paper presented at the meeting of the Mid-South Educational Research Association, Nashville, TN.
- Boyd-Zaharias, J., Achilles, C.M., Nye, B.A., Bain, H.P. & Fulton, B.D. (1994, April). Quality schools build on a quality start. Paper presented at the third annual National Conference on Creating the Quality School, Oklahoma City, OK.
- Boyd-Zaharias, J., Achilles, C.M., Nye, B.A. & Cain, V.A. (1994, March). The effects of https://example.com/heterogeneous class assignment on student achievement: A project STAR subsidiary study.
 Paper presented at the annual meeting of the North Carolina Association for Research in Education, Greensboro, NC.

- Boyd-Zaharias, J., Achilles, C.M., Nye, B.A. & Fulton, B.D. (1994, February). Collaborative class-size research leads to a subsidiary study of heterogeneous class assignment. Paper presented at the annual meeting of the American Association of School Administrators, San Francisco, CA.
